

RUGA®Magazine . Regular Limited Edition DVD

RUGA is the new DVD magazine from creators of **ROJO**.

The idea of not being able to include motion and video works in the printed magazine has taken us to create **RUGA**. a new magazine in DVD format that will release every 6 months 2 issues per year of limited edition of 1000 DVD copies containing unusual audiovisual pieces by the most talented and surprising artists worldwide.

RUGA dvd issues are to be distributed in selected stores worldwide. Every issue of **RUGA** will be launched in presentation events worldwide together with **ROJO** magazine.

RUGA will be art directed by **ACTOP**, a studio, created by César Pesquera and Alvaro P. Posadas. They work on motion graphics, animation, live visuals and new approaches to the moving image.
